

♥ Family Matters: Engaging Fathers with Intention

Inspired by **Inspire Me Moments** by A. Harris Brown

3 Practical Strategies for Fatherhood Engagement

- 👁️ **Visibility** – Make fathers and male caregivers visible in your school spaces. Highlight them in newsletters, invite them to read to classrooms, or showcase their stories at events.
- 🗣️ **Voice** – Give fathers a platform. Host fatherhood forums, dad-and-me nights, or barbershop-style discussions to let them lead and share.
- 💖 **Value** – Celebrate contributions beyond financial support. Recognize mentorship, coaching, volunteering, and emotional presence as vital forms of engagement.

Quote from **Inspire Me Moments**

"There's something powerful about a Black man who chooses to stay, who chooses to lead with his heart, and who shows up when it matters most. That's not weakness. That's legacy."

Reflection Prompt

📝 Who is one father figure, mentor, or male caregiver who shaped your journey? How can your school or program honor men like him today?
